Manitou '75

Taconic High School
Pittsfield, Massachusetts
Vol. VI

A black and white photograph of a sandy beach with several footprints. The footprints are arranged in a path that leads from the top left towards the bottom right. The sand is light-colored and textured. The footprints are dark, suggesting they were made by a shoe or boot. The path of footprints is slightly curved. The background is a vast, open beach with some sparse vegetation visible in the distance.

Mr. Mark Matthews—Vice-Principal

Eternity allows man to live but briefly within its awesome scope. And yet, a man's worth should not be measured by time, but by the deeds he has done, both for himself and for others. Best wishes for a life of happiness and contentment.

Class of '77

Listening to grass grow
Or the seasons change
Searching for identity
Discovery
Leaving the old way behind
Wondering if the new way will be
Better
So afraid to take that first step alone
Hoping someone will come along and
Take your hand
Discovery
Realizing that tackling life head on is easier
Than falling through it
Exploring alone (at times with a friend)
And almost enjoying it
Discovery
Bursting to tell the world "I've made it!"
You've found who you are and where you're going
The darkness has melted; the loneliness has evaporated
With the thoughts of yesterday,
Discovering that becoming an individual
Wasn't so tough after all
